

Suite Cleaning Responsibility Form

This section can be used by residents to assure equal responsibility for cleaning areas in your suite ahead of Health and Safety Inspections. While individual bedrooms are the responsibility of the residents who occupy that room, common areas should be cleaned by all occupants. Once you have discussed which parts of the suite you'd like to take care of, write your name by the assigned task(s). If you need assistance, your RA can help facilitate this conversation.

Task	Specific Common Area	Resident Responsible
Tub/Shower Curtain	A/B Bathroom	
Toilet	A/B Bathroom
